

## **Technical data sheet** Safety laser scanner

Part no.: 53800238

RSL440-M/CU429-10

## Contents

- Technical data
- Dimensioned drawings
- Electrical connection
- Operation and display
- Notes
- Accessories

## **Technical data**

#### Basic data

| Series      | RSL 400                         |
|-------------|---------------------------------|
| Application | Mobile danger zone guarding     |
|             | Mobile side guarding            |
|             | Stationary access guarding      |
|             | Stationary danger zone guarding |

#### **Functions**

| Functions | Data output, configurable                      |
|-----------|--|
|           | Dynamic contactor monitoring (EDM), selectable |
|           | E-stop linkage                                 |
|           | Four-field mode                                |
|           | Safe time delay, internal                      |
| Restart   | Start/restart interlock (RES), selectable      |

## **Characteristic parameters**

| Туре                        | 3, IEC/EN 61496          |
|-----------------------------|--------------------------|
| SIL                         | 2, IEC 61508             |
| SILCL                       | 2, IEC/EN 62061          |
| Performance Level (PL)      | d, EN ISO 13849-1        |
| PFH <sub>D</sub>            | 9E-08 per hour           |
| Mission time T <sub>M</sub> | 20 years, EN ISO 13849-1 |
| Category                    | 3, EN ISO 13849          |

#### Protective field data

| Resolution (adjustable)                     | 30/40/50/60/70/150 mm |
|---|-----------------------|
| Minimum adjustable range                    | 50 mm                 |
| Number of field pairs, switchable           | Up to 100             |
| Number of quads, switchable                 | 50                    |
| Number of protective functions              | 2 Piece(s)            |
| Number of independent sensor configurations | Up to 10              |
| Diffuse reflection, min.                    | 1.8 %                 |
| Operating range                             | 0 4.5 m               |

#### Warning field data

| Number of field pairs    | Up to 100       |
|--------------------------|-----------------|
| Operating range          | 0 20 m          |
| Object size              | 150 mm x 150 mm |
| Diffuse reflection, min. | 10 %            |

## **Optical data**

| Light source             | Laser, Infrared        |
|--------------------------|------------------------|
| Wavelength               | 905 nm                 |
| Laser class              | 1, IEC/EN 60825-1:2014 |
| Transmitted-signal shape | Pulsed                 |
| Repetition frequency     | 90 kHz                 |
| Angular resolution       | 0.1 °                  |
| Scanning angle           | 270 °                  |
|                          |                        |

### **Electrical data**

max.

| Protective circuit | Overvoltage protection |
|--------------------|------------------------|

| Performance of | data |
|----------------|------|
|----------------|------|

| Supply voltage U <sub>B</sub>       | 24 V, DC, -30 20 %                       |
|-------------------------------------|--|
| Current consumption (without load), | 700 mA, (use power supply unit with 3 A) |

17 W, For 24 V, plus output load Power consumption, max.

#### **Outputs**

| Number of signal outputs, configurable | 9 Piece(s) |
|--|------------|
| Number of safety-related switching     | 4 Piece(s) |

### Safety-related switching outputs

| Туре                         | Safety-related switching output OSSD |
|------------------------------|--------------------------------------|
| Switching voltage high, min. | 20.8 V                               |
| Switching voltage low, max.  | 2 V                                  |
| Voltage type                 | DC                                   |

#### Safety-related switching output 1

| Assignment        | Ŭ | Connection 1, gray wire |
|-------------------|---|-------------------------|
| Switching element |   | Transistor, PNP         |

## Safety-related switching output 2

| Assignment        | Connection 1, pink wire |
|-------------------|-------------------------|
| Switching element | Transistor, PNP         |

## Safety-related switching output 3

| <b>Assignment</b> Co | connection 1, yellow/gray wire |
|----------------------|--------------------------------|
|----------------------|--------------------------------|

Switching element Transistor, PNP

## Safety-related switching output 4

| Assignment        | Connection 1, pink/green wire |
|-------------------|-------------------------------|
| Switching element | Transistor, PNP               |

#### Time behavior

| Response time | 80 ms, ≥   |
|---------------|------------|
| response time | 00 1113, = |

#### Service interface

## **Ethernet**

| Function   | Configuration/parametization |
|------------|------------------------------|
|            | TCP/IP                       |
| Connection | M12 connector 4-pin D-coded  |

## Bluetooth

| Function                    | Configuration/parametization  |
|-----------------------------|-------------------------------|
| Frequency band              | 2,400 2,483.5 MHz             |
| Radiated transmitting power | Max 4.5 dBm (2.82 mW) class 2 |

### **USB**

| Function                 | Configuration/parametization                                      |
|--------------------------|---|
| Connection               | USB 2.0 mini-B, socket  |
| Transmission speed, max. | 12 Mbit/s   |
| Cable length             | ≤ 5m<br>Longer cable lengths are possible using<br>active cables. |

## Connection

**Number of connections** 2 Piece(s)

We reserve the right to make technical Leuze electronic GmbH + Co. KG

## **Technical data**

| Connection 1               |                      |
|----------------------------|----------------------|
| Function                   | Machine interface    |
| Type of connection         | Cable                |
| Cable length               | 10,000 mm            |
| Sheathing material         | PVC                  |
| Cable color                | Black                |
| Number of conductors       | 29 -wire             |
| Wire cross section supply  | 1 mm²                |
| Wire cross section signals | 0.14 mm <sup>2</sup> |
| Connection 2               |                      |
| Function                   | Data interface       |
| Type of connection         | Connector            |
| Thread size                | M12                  |
| Туре                       | Female               |
| Material                   | Metal                |
| No. of pins                | 4 -pin               |
| Encoding                   | D-coded              |
| Cable properties           |                      |

| Dimension (W x H x L) | 140 mm x 149 mm x 140 mm |
|-----------------------|--------------------------|
| Housing material      | Metal                    |
|                       | Plastic                  |
| Metal housing         | Diecast zinc             |
| Lens cover material   | Plastic/PC               |
| Net weight            | 3,000 g                  |
| Housing color         | Yellow, RAL 1021         |
| Type of fastening     | Mounting plate           |
|                       | Through-hole mounting    |

15 Ω

Cable resistance, max.

Mechanical data

| Operation and display |                        |
|-----------------------|------------------------|
| Type of display       | Alphanumerical display |
|                       | LED indicator          |
| Number of LEDs        | 6 Piece(s)             |
| Type of configuration | Software Sensor Studio |
| Operational controls  | Software Sensor Studio |

Via optional mounting device

### **Environmental data**

| Ambient temperature, operation     | 0 50 °C   |
|------------------------------------|-----------|
| Ambient temperature, storage       | -20 60 °C |
| Relative humidity (non-condensing) | 15 95 %   |

### Certifications

| Degree of protection  | IP 65          |

## **Notes**

## Observe intended use!

- \$ The product may only be put into operation by competent persons.
- Only use the product in accordance with its intended use.

### ATTENTION! INVISIBLE LASER RADIATION - CLASS 1 LASER PRODUCT

The device satisfies the requirements of IEC/EN 60825-1:2014 safety regulations for a product of laser class 1 and complies with 21 CFR 1040.10 except for conformance with IEC 60825-1 Ed. 3., as described in Laser Notice No. 56, dated May 8, 2019.

- b Observe the applicable statutory and local laser protection regulations.
- The device must not be tampered with and must not be changed in any way. There are no user-serviceable parts inside the device. Repairs must only be performed by Leuze electronic GmbH + Co. KG.

## **Accessories**

## Connection technology - Interconnection cables

|  |          | 0,                              |                       |   |
