## **Technical data**

# Leuze

#### Basic data

| Series      | MLD 500     |  |
|-------------|-------------|--|
| Device type | Transmitter |  |
| Functions   |             |  |

| Functions                      | Range reduction |
|--------------------------------|-----------------|
| Integrated laser alignment aid | No              |

#### **Characteristic parameters**

| Туре                        | 4, IEC/EN 61496           |
|-----------------------------|---------------------------|
| SIL                         | 3, IEC 61508              |
| SILCL                       | 3, IEC/EN 62061           |
| MTTF <sub>d</sub>           | 204 years, EN ISO 13849-1 |
| Mission time T <sub>M</sub> | 20 years, EN ISO 13849-1  |

0.5 ... 50 m

#### **Protective field data**

Operating range

#### **Optical data**

| Number of beams                 | 4 Piece(s)                                |
|---------------------------------|---|
| Beam spacing                    | 300 mm                                    |
| Light source                    | LED, Infrared                             |
| Wavelength                      | 850 nm                                    |
| Mean power of transmitter diode | 1.369 µW                                  |
| Transmitted-signal shape        | Pulsed                                    |
| LED risk group                  | Exempt group (in acc. with EN 62471:2008) |

#### **Electrical data**

Permissible cable resistance to load, max.

| Protective circuit                         | Overvoltage protection       |
|--|------------------------------|
|  | Short circuit protected      |
|  |                              |
| Performance data                           |                              |
| Supply voltage U <sub>B</sub>              | 24 V, DC, -20 20 %           |
| Current consumption, max.                  | 50 mA, Without external load |
| Fuse                                       | External with max. 3 A       |
|  |                              |
| Connection                                 |                              |
| Number of connections                      | 1 Piece(s)                   |
|  |                              |
| Connection 1                               |                              |
| Function                                   | Machine interface            |
| Type of connection                         | Connector                    |
| Thread size                                | M12                          |
| Material                                   | Metal                        |
| No. of pins                                | 5 -pin                       |
|  |                              |
| Cable properties                           |                              |
| Permissible conductor cross section, type. | 0.25 mm²                     |
| Length of connection cable, max.           | 100 m                        |

200 Ω

#### Mechanical data

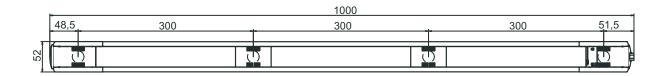

| Dimension (W x H x L)              | 52 mm x 1,000 mm x 64.7 mm |
|------------------------------------|----------------------------|
| Housing material                   | Metal                      |
| Metal housing                      | Aluminum                   |
| Lens cover material                | Plastic / PMMA             |
| Material of end caps               | Diecast zinc               |
| Net weight                         | 2,200 g                    |
| Housing color                      | Yellow, RAL 1021           |
| Type of fastening                  | Groove mounting            |
|                                    | Swivel mount               |
| One wetling and display            |                            |
| Operation and display              |                            |
| Type of display                    | LED                        |
| Number of LEDs                     | 4 Piece(s)                 |
| En des uns articladate             |                            |

## **Electrical connection**

**Connection 1** 

| Function           | Machine interface |
|--------------------|-------------------|
| Type of connection | Connector         |
| Thread size        | M12               |
| Туре               | Male              |
| Material           | Metal             |
| No. of pins        | 5 -pin            |
| Encoding           | A-coded           |

| Pin | Pin assignment  | Conductor color | 2 |
|-----|---|-----------------|---|
| 1   | +24 V   | Brown           |   |
| 2   | n.c.  | White           |   |
| 3   | 0 V   | Blue            | 3 |
| 4   | Transmitter range switching: 0 V = entire range, 24 V = reduced range | Black           |   |
| 5   | n.c.  | Gray            | 4 |

## **Operation and display**

| LEDs per light axis     | Meaning                     |
|-------------------------|-----------------------------|
| Green, continuous light | Transmitted beam active     |
| Off                     | Transmitted beam not active |

#### Suitable receivers

| P  | art no. | Designation | Article | Description  |
|----|---------|-------------|---------|--|
