## **Technical data**

# Leuze

#### **Basic data**

| Basic data                |   |
|---------------------------|---|
| Series                    | RSL 400                                   |
| Application               | Mobile danger zone guarding               |
|                           | Mobile side guarding                      |
|                           | Stationary access guarding                |
|                           | Stationary danger zone guarding           |
| Special version           |   |
| Special version           | AIDA-compliant with fiber-optic cable     |
| Functions                 |   |
| Functions                 | PROFIsafe                                 |
| Restart                   | Start/restart interlock (RES), selectable |
| Characteristic parameters |   |
| Туре                      | 3, IEC/EN 61496                           |
| SIL                       | 2, IEC 61508                              |
| SILCL                     | 2, IEC/EN 62061                           |
| Performance Level (PL)    | d, EN ISO 13849-1                         |
| PFH <sub>D</sub>          | 9E-08 per hour                            |
|                           |   |

#### Protective field data

Mission time T<sub>M</sub>

Category

| Resolution (adjustable)                          | 30/40/50/60/70/150 mm |
|--|-----------------------|
| Minimum adjustable range                         | 50 mm                 |
| Number of field pairs, switchable                | 10                    |
| Number of quads, switchable                      | -                     |
| Number of protective functions                   | 1 Piece(s)            |
| Number of independent sensor confi-<br>gurations | 1                     |
| Diffuse reflection, min.                         | 1.8 %                 |
| Operating range                                  | 0 6.25 m              |
|  |                       |

20 years, EN ISO 13849-1 3, EN ISO 13849

#### Warning field data

| Number of field pairs    | 10              |
|--------------------------|-----------------|
| Operating range          | 0 20 m          |
| Object size              | 150 mm x 150 mm |
| Diffuse reflection, min. | 10 %            |

#### **Optical data**

| Light course             | Laser, Infrared        |
|--------------------------|------------------------|
| Light source             | Laser, initialeu       |
| Wavelength               | 905 nm                 |
| Laser class              | 1, IEC/EN 60825-1:2014 |
| Transmitted-signal shape | Pulsed                 |
| Repetition frequency     | 90 kHz                 |
| Angular resolution       | 0.1 °                  |
| Scanning angle           | 270 °                  |

#### **Electrical data**

| Protective circuit                       | Overvoltage protection                        |
|--|---|
| Performance data                         |   |
| Supply voltage U <sub>B</sub>            | 24 V, DC, -30 20 %                            |
| Current consumption (without load), max. | 1,000 mA, (use power supply unit with 3 A) $$ |
| Power consumption, max.                  | 24 W, For 24 V, plus output load              |

| Outputs                                     |   |
|---|---|
| Number of signal outputs, configu-<br>rable | 4 Piece(s)  |
| Time behavior                               |   |
| Response time                               | 80 ms, ≥  |
| Interface                                   |   |
| Туре  | PROFINET  |
| PROFINET                                    |   |
| Function                                    | Process   |
| PROFINET device                             | Device acc. to Spec V2.3.4  |
| GSDML                                       | GSDML acc. to Spec V2.3.2   |
| Profile                                     | PROFINET/PROFIsafe  |
| Conformance class                           | С   |
| Network load class                          | 111   |
| Security level                              | 1   |
| Switch functionality                        | IRT-ready 2-port switch acc. to IEEE 802, integrated in connection unit |
| Port properties                             | Auto-Crossover  |
|   | Auto-Negotiation  |
|   | Auto-Polarity   |
| I&M   | 0 - 4   |
| Supported topologies                        | MRP client  |
|   | SNMP  |
| Safety-related switching signals            | 1 Piece(s)  |
