

Technical data sheet

Reflective tape

Part no.: 50104361

Reflexfolie 200x200mm-S

Contents

- Technical data

For illustration purposes only

Technical data

Mechanical data

Design	Rectangular
Direction-dependent	No
Reflective surface, height	200 mm
Reflective surface, width	200 mm
Reflector material	Plastic
Polarization-changing	Yes
Chemical designation, reflector material	PMMA
Structure, active surface	Micro prism
Net weight	103 g
Type of fastening	Adhesive

Environmental data

Ambient temperature, operation	-40 ... 80 °C
--------------------------------	---------------
